Bell Talks of Raid on Victor Record

General Emphatic in Condemning the Un-American Attack Upon the Newspaper Office.

ICTOR, Colo., June 2 -Gen. Bell issund the following signed statement today regarding the raid on the Victor Record office and the destruction of the newspaper plant:

"I cannot be too emphatic in my condemnation of this un-American attack. Such action as this reflects upon the military, because martial law prevails. As military commander I am solely responsible for the cleaning up of this district, and I intend to run down the perpetrators of this crime if it is possible.

"i am aware that Editor Kyner was

of this crime if it is possible.

"I am aware that Editor Kyner was bitterly denounced and threatened and accused of selling out when his editorial appeared naking the Western Federation to call off the strike. The Socialistic element of the Frderation were the ones who took the principal stand in this thing However, whoever the perpetrators of this crime may be, they will land in the bull pen if apprehended."

"Do you think that union miners wrecked your office because of your editorial on Wednesday advising that the strike be called off?" Editor Kyner was asked today.

"I unquestionably do not." he replied. "I do not think the editorial was the cause of this at all. We had hints and rumors of a plan to wreck the office three days ago, before this editorial was published. I asked Maj. Naylor, City Marshai, for protection. He was willing to give it, but said it would not be necessary and not to fear. As a matter of fact the union men agree with the sentiment in my editorial. After its publication in my editorial. After its publication is my editorial, after its publication to me for that special purpose."

There is also much which will entertain the foreign traveler and the gen-eral reader will find entertainment in other articles not pertaining exclusively to travel. There are the usual in-teresting departments, poems, bits of humor, etc., and the illustrations are attractive.-From New York News Bureau, May 19, 1904.

SAW THE HORRORS OF COLORADO CRIMES

Harry Ganz Tells of the Trouble at Victor and Explosion at Independence.

ARRY GANZ, the well-known Salt Lake traveling man, returned yesterday morning from Celorado, and gives a graphic account of the recent horrors in the Cripple Creek district. It happened that his business took him through the district last week, and he was at Independence on the morning of the terrible explosion, and at Victor during the riot. Of the explosion at the railway station he says he never imagined anything like it and hopes never again to witness such a scene. The whole station and platform was wrecked and all around were pieces of human bodies and limbs, mero flesh and blood, but such flesh, such blood. At one corner of the lot stood a large barrel and it was gradually filled to the brim with these small bits of shattered humanily.

with these annil bits of shattered humanity.

The whole district gradually awoke to the realization of the awful crime, and the realization of the awful crime, and the roadways and sireets were by noon filled with excited people. Then came the rlot at Victor and all the exciting incidents of the day following the explosion.

Mr. Ganz says that probably in no other case has such a determined effort been made to put down lawlessness and run things in the proper manner. This sentiment extends throughout the district, and the movement seems to have the sympathy of the people of Colorado.

Great Wall of Water Sweeps a Valley

Narrowo Escape of Hundreds of People From Drowning by Burst-

ing of Dam.

YONS, Colo., June 9 .- A roaring wall of water sweeping through a huge gap in the dam which held back the Left Hand reservoir, covering 250 acres, struck terror last night in the hearts of hundreds in the passage of the raging waters. The break occurred shortly before midnight. Mrs. J. J. Wilils, living on the bank of Left Hand creek, was awakened by the roar of the waters and immediately understood the cause. She had barely time to leave her little cabin and notify John Roney, telephone operator at Ward, before the waters swept away her belongings. Roney sent an alarm over the telephone wire to all the ranch houses and towns along the path of the flood. To those districts which were not provided with telephone communication riders were hastily dispatched and residents in the path of the flood fled to higher ground, where they huddled together, watching the destructive stream from which they had beer saved by Mrs. Willis's warning.

SORESANDULCERS SHOW A BAD CONDITION OF THE BLOOD

When the blood is in bad condition a bruise, cut, scratch, or any slight injury to the flesh, is apt to become an ugly-looking sore or ulcer.
